Dear Sir:

1. As part of my duties I am responsible for the preparation and filing of patent applications for Abbott Laboratories' Diagnostics Division and I am the Attorney of Record for Applicants in U.S. Patent Application Serial Number 10/733,946 filed December 11, 2003.

2. At the time U.S. Patent Application Serial Number 10/733,946 was filed, I was unaware of the inventive contributions of David A. DeGoey, Charles A. Flentge, William J. Flosi, David J. Grampovnik, and Dale J. Kempf to the invention claimed in above patent application.

3. After the above application was filed, a question regarding the inventorship of the above application arose. After reviewing the application for patent, I concluded that David A. DeGoey, Charles A. Flentge, William J. Flosi, David J. Grampovnik, and Dale J. Kempf were erroneously omitted as joint inventors of the invention, and that this omission was in error without deceptive intent.

4. After the error was discovered, I initiated corrective steps including having statements of fact prepared and obtaining executed declarations of inventorship from all of the inventors.
